TVS NEO XR

POWERFUL ENGINE

110 cc powerful engine and Digital Ignition Mapping combine to get Maximum Torque. Add to this a Duralife Engine with a high-tech roller-follower and Durable Lubrication System.

FUEL EFFICIENCY

IEcono Technology helps you improve fuel efficiency. With a Throttle Sensor for optimized Ignition

ICHARGE

ICharge to charge your phone while riding.
*Accessories excluded

POWERFUL HEADLAMP

With a halogen lamp for brighter illumination

FUTURISTIC STYLING

Makes the Neo extremely aerodynamic

ELEGANT DESIGN

With an aesthetic blend of streaks and colours

Sporting White CW

Striking Blue CW

Blazing Red CW

Sporty Green CW

TECHNICAL SPECIFICATIONS

ENGINE

Engine type	4-stroke, SOHC, air-cooled
Number of cylinders	Single
Bore x Stroke	53.5 x 48.8 mm
Cylinder volume	109.7 cc
Compression ratio	9.35:1
Maximum power	8.5 bhp @ 8000 rpm
Maximum torque	8.5 Nm @ 4500 rpm
Starter system	SM5

Dimensions & weight

Overall length	1940 mm
Overall height	1075 mm
Overall width	665 mm
Wheel base	1260 mm
Vehicle weight	101.5 kg
Ground clearance	150 mm
Saddle height	760 mm

Transmission

Clutch	Semi-automatic
Transmission	4-speed
Rotary System	Downward displacement

Frame

Drive cycle radius	1840 mm
Front brake	Disc, hydraulic
Rear brake	Mechanical
Front wheel dimensions	2.5 x 17"
Rear wheel dimensions	2.75 x 17"
Front suspension	Telescopic
Rear suspension	Dual shock absorbers, swing arm

Electricals

Ignition specification	Digital Ignition / CDI, single spark
Electrical specification	12 V AC, mangneto
Horn	Single, 12 V, 2 amp
Headlamp type	Halogen, 30/30 Watt
Fuse	Champion - PRG7C
Battery	12 V / 4 Ah

Fuel Systems

Fuel supply system	Carburetor, Throttle Skep
Fuel tank volume	4 lt
